Accidents can happen anytime, anywhere

The economic impact of unintentional injuries is about $7,100 per household (whether directly out of pocket, through higher prices for goods and services or through higher taxes).

Accidents are usually followed by a series of bills. Even if you have good insurance, you may still have to cover out-of-pocket costs, such as:

- Doctor bills
- Ambulance fees
- Hospital expenses

If you suffer from a fracture, dislocation or other covered accidental injury, accident insurance can help offset unexpected medical expenses, such as emergency room fees, deductibles and co-payments. Coverage options are available for you, your spouse and your dependent children.

Talk with your Colonial Life benefits counselor to learn how accident insurance can help protect what you’ve worked so hard to build.

 Every 10 minutes, nearly 775 Americans suffer an injury severe enough to seek medical help.
